

Hamptons Graphics Sofa

Design: Gianvittotio Plazzogna e Roberto Papparotto

Description

The modern Hampton Graphics Sofa features an aluminum frame with a powder-treated finish. The simplicity of the processing techniques used for the base and the back come together in a balanced and refined union, giving the sofa pleasant, well-defined shapes. Designed to be suitable for both indoor and outdoor settings, this mid-long version works naturally in residential and contract projects, where clean design and versatility are essential.
