

Victor Lounger

Design: R&D Varaschin

Description

The modern Victor Lounger is ideal for spending a full day by the pool, on the beach, or along the lakeshore. Its aluminum frame and cover in perforated Batyline fabric make it lightweight and versatile, allowing it to be easily repositioned to follow the sun throughout the day. When not in use, the elegant Victor Lounger can be stacked for easy storage and can also be fitted with wheels for effortless movement.
