

Doma Suspension 1 Lamp

Design: Massimo Tonetto

Description

The contemporary Doma Suspension 1 Lamp is defined by the intriguing overlap of its elements, resulting in a lamp that appears to float in mid-air. The transparent Murano glass bell interacts with the solid central metal stem, creating a refined contrast of materials while diffusing soft, indirect light throughout the space. The elegant Doma Suspension 1 Lamp is designed to generate intimate and evocative atmospheres, subtly enhancing the textures and details of interior surfaces. UL Wired Certification. Made in Italy.
