

Venexia *Design: Luca Nichetto*

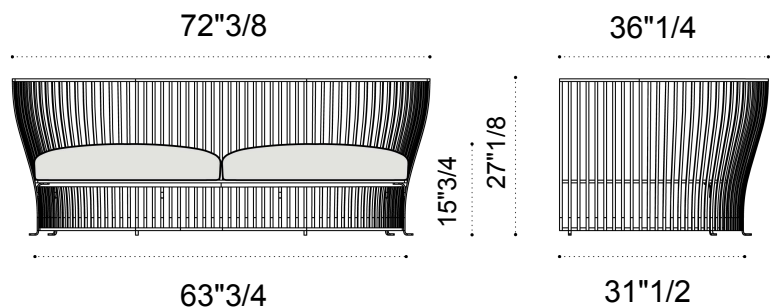

Description

The Venexia Sofa features a high-performance powder-coated aluminum structure engineered with specialized ad hoc molds to ensure perfect uniformity and exceptional weather resistance in diverse climates. The ergonomic seat is outfitted with an oversized cushion system featuring waterproof, recycled-material padding upholstered in 100% outdoor acrylic fabric characterized by unique, soft-touch textures. Designed with generous proportions and a low-profile silhouette, this FSC-certified piece provides superior durability and a compact footprint while maintaining maximum comfort for prestigious residential or contract environments. Made in Italy.
