

Linea T

Design: Matteo Zorzenoni

Description

Linea T is a refined fixed dining table where functionality and aesthetics merge into a bold, contemporary statement. Defined by a strong graphic identity, its perpendicular legs rise seamlessly into the tabletop like precise inlays, creating a clean architectural silhouette and essential visual balance.

Available with legs in ash wood or lacquered finish, Linea T can be paired with an ash wood, lacquered, or marble top, offering versatile customization for modern interiors. When selected in marble, the undertop support is lacquered to match the chosen stone, ensuring chromatic harmony and meticulous attention to detail. A sophisticated dining table that expresses timeless linearity, premium materials, and contemporary Italian design. Made in Italy.

Dimensions

96"3/8W x 45"1/4D x 29"1/2H
