

## Slow P

*Design: Simone Bonanni*

### *Description*

Slow P is a contemporary lounge chair that combines sculptural elegance with exceptional comfort. Defined by rounded lines, a generous seat, and a softly curved backrest supported by a wooden structure, it reflects a refined balance between graphic purity and organic form. The visible backrest support, available in ash wood or lacquered finish, enhances its architectural character while adding warmth and material contrast.

Designed to create intimate and sophisticated spaces, Slow P features an enveloping silhouette and plush seating that make it ideal for relaxation corners, reading nooks, and modern living rooms. The chair can be upholstered in premium natural fabrics or luxurious leather, offering versatile customization for contemporary interiors. A perfect blend of comfort, craftsmanship, and timeless design. Made in Italy.
