

Koiné Cluster

Design: Mandalaki Studio

Description

The Koinè Suspension Lamp by Luceplan is a contemporary modular pendant designed for modern residential and commercial interiors. Offered in 3-light or 5-light linear canopy configurations, this designer lighting system creates a refined and balanced ceiling composition with strong architectural presence. Each light element is precisely positioned along a streamlined canopy, allowing the fixture to define the space above kitchen islands, dining tables, conference rooms, or hospitality settings. The ceiling mount becomes an integral part of the overall design, forming clean, geometric lines that enhance the room's layout while maintaining visual lightness.

With its minimalist aesthetic and integrated energy-efficient LED technology, the Koinè multi-light suspension delivers both performance and style, making it an ideal solution for contemporary lighting projects that require flexibility and cohesive design. Made in Italy.

UL Certified.
