

# Aquilyps Coffee Table

*Design: Andrea Casati*

## *Description*

The contemporary Aquilyps Coffee Table features an extensible design with synchronized revolving glass tops, allowing smooth and coordinated movement that transforms the table's configuration with ease. The base and supports are crafted in galvanized or painted steel, giving the piece a strong architectural presence and a refined contemporary character. The elegant Aquilyps Coffee Table is also available with ceramic tops, offering an alternative material option that enhances durability and visual depth.
