

## Anisette *Designer: Francesco Lucchese*

### *Description*

This suspension lamp features a dual shaded crystal diffuser assembly held by a specialized internal metal stem. The design incorporates a proprietary attachment system that secures the glass without drilling, preserving structural integrity. The light source is mounted on a sliding bracket along the internal stem, allowing for variable vertical positioning to customize the diffusion through the “lattimo” gradients. The fixture is supported by adjustable stainless steel cables and a minimalist canopy. Made in Italy.

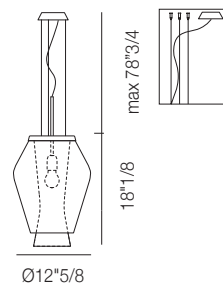

### **Light source:**

E26 - 1 x 60W light bulb

**Dimmer:** DIM1 (Phase Cut)

### *Dimensions*

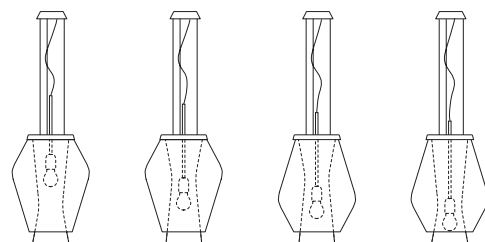

**Size:** Ø12"5/8 x 18"1/8H + 78"3/4MaxH of Tensors and Canopy

### *Finishes and materials*

**Frame:** Metal.

**Lampshade:** Blown glass.

Glass diffusers can be arranged in four different positions, lighting source can be adjusted.
