Design: Romani Saccani Architetti Associati

Description

Suspension lamp featuring a 20x20mm square-section metal frame available in matte black or matte bronze finishes. It supports multiple blown glass diffusers (7" 7/8 diameter) available in shaded white or a textured "hammered" crystal finish. The fixture is offered in two primary configurations: Size A (4 light points) and Size B (6 light points), powered by a single power cable and suspended by adjustable stainless steel wires. Utilizing E12 lamp sources, it is engineered for high-performance 360° illumination and is hand-assembled to Vistosi's prestigious artisanal standards. Made in Italy.

Light source:

E12 40W x 4 light bulbs for Size A
E12 40W x 6 light bulbs for Size B

Dimensions:

Size A: 33"W x 16"1/2D x 15"H +
78"3/4MaxH of Tensors and Canopy

Size B: 56"1/4W x 20"D x 19"H +
78"3/4MaxH of Tensors and Canopy

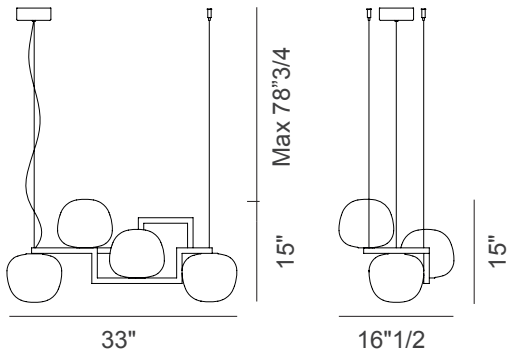

Finishes and materials
