Design: Pio e Tito Toso

Description

This modular suspension lamp consists of high-quality crystal diffusers featuring a vertical rigadin texture, supported by a minimalist metal hardware system. It is powered by an integrated LED source, available in 2700K or 3000K, optimized for even light distribution through the ribbed glass. The collection is offered in three primary configurations—A (single drop), B (dual), and C (triple)—which can be combined for custom installations. Hand-assembled to Vistosi's artisanal standards, the fixture is designed for long-term aesthetic performance in prestigious residential and hospitality settings. Made in Italy.

Light source:

LED 22 - 3 x 14,4W - 4500lm

Dimensions:

Version A: 63"W x 3"3/4D x 3"3/4H + 78"3/4MaxH of Tensors and Canopy

Version B/C: 63"W x 6"5/8D x 6"5/8H + 78"3/4MaxH of Tensors and Canopy

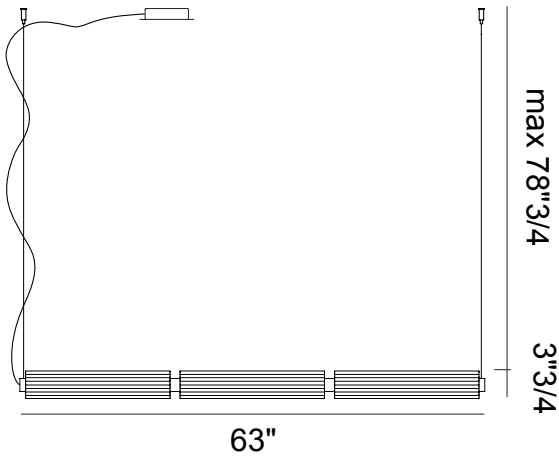

Finishes and materials

Frame: Metal.

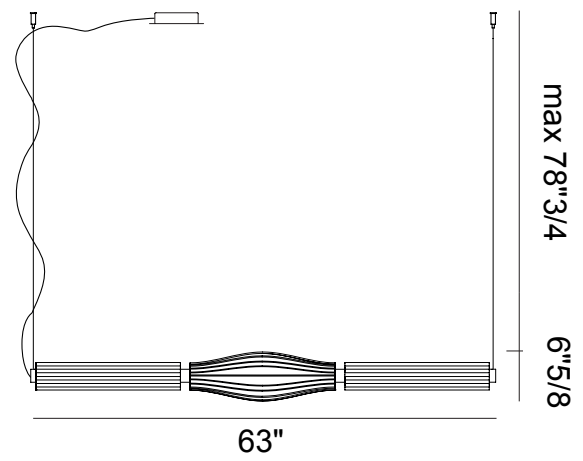

Diffuser: Blown glass.
