

Lucy

Design: Claudia Campone & Martina Stancati

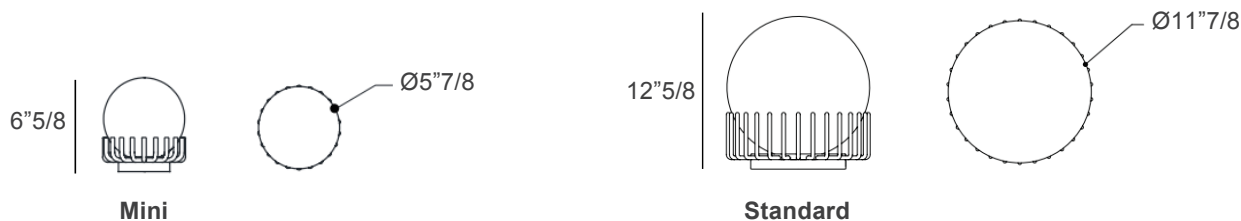

Description

Lucy is a decorative table lamp designed to provide diffused ambient lighting, available in two sizes, equipped with an E26 socket for the standard version and a G9 socket for the mini version (bulbs not included). LED bulbs are recommended for optimal efficiency and longevity. The material combination of metal and glass ensures durability while maintaining the refined aesthetic expected in luxury lights. The product includes a Type F (EU Schuko) plug with Type A (USA) adapter and is CE certified. Made in Italy.
