

## Galileo Lux

*Design: Giuseppe Carpanelli*

### *Description*

This elegant vanity features a light, linear design that reflects the refined aesthetics of contemporary designer furniture. Its balanced proportions and clean silhouette create a sophisticated presence, while the harmonious combination of wood and leather highlights the natural warmth and artisanal quality of the materials.

The piece is thoughtfully designed to offer both beauty and functionality. An integrated opening mirror reveals practical storage compartments, while two side drawers provide convenient space for organizing personal items. The interior compartments are lined in soft microfiber, adding a luxurious tactile detail that enhances the overall experience and reflects the craftsmanship typical of luxury Italian furniture.

With its refined materials and understated elegance, this toilette fits seamlessly into sophisticated bedroom environments and curated luxury home furniture settings. The result is a timeless piece that blends practicality, comfort, and Italian design excellence, creating a refined space dedicated to daily rituals and personal care.

Made in Italy.
