

Le Luci Della Ribalta

Description

This exquisite table reflects the timeless elegance of classic designer furniture, where traditional artistry and refined craftsmanship come together in a richly decorative composition. Its solid wood structure is creates a sophisticated interplay of textures and tones that evokes the heritage of master cabinetmaking.

The surface is a celebration of intricate detail, featuring a combination of precious woods enriched with delicate fretwork and a beautifully crafted central inlay with ecological motifs. This decorative scene adds depth and character, transforming the table into a true statement piece. The richness of materials and ornamental craftsmanship embodies the essence of luxury Italian furniture, where tradition, artistry, and technical mastery are seamlessly combined.

Designed with both elegance and functionality in mind, the table includes extension leaves with a patented mechanism, maintaining the same refined thickness and visual continuity as the main top. Perfect for classic interiors and sophisticated luxury home furniture settings, this piece represents a harmonious balance between decorative beauty, functionality, and enduring Italian tradition. Made in Italy.
