

Shape

Design: Giuseppe Carpanelli

Description

The Shape vanity reflects the signature aesthetic of the collection, distinguished by its elegant curved lines and refined materials. Its sculptural silhouette and balanced proportions highlight the craftsmanship and design sophistication associated with premium designer furniture, making it a stylish and functional addition to contemporary interiors.

Crafted with a refined wooden structure and enriched by a luxurious leather top, the vanity combines natural warmth with tactile elegance. The design features an opening mirror that reveals practical storage spaces, along with two side drawers that provide convenient organization for personal accessories. Inside, the compartments are lined with soft microfiber, adding a delicate detail that enhances the sense of quality and comfort typical of luxury Italian furniture.

Thoughtfully designed to combine beauty and practicality, the Shape vanity integrates seamlessly into refined bedroom spaces and curated luxury home furniture environments. Its harmonious blend of sculptural design, premium materials, and functional storage creates a sophisticated setting for everyday rituals.
