

Gisele

Design: Roberto Lazzeroni

Description

Gisele chandelier embodies a refined balance between structure and movement, where light follows a precise, choreographed rhythm. Designed for luxury interiors, this modern chandelier transforms spaces through its modular composition, allowing endless custom configurations in both horizontal and vertical layouts. Engineered with laser-cut steel, the structure offers architectural precision while maintaining a light, elegant presence. Integrated dimmable LED lighting ensures energy efficiency and adaptable ambiance, making it ideal for residential, hospitality, and high-end commercial projects. Gisele chandelier is a statement in contemporary lighting design, combining innovation, craftsmanship, and versatility. Made in Italy
