

Burlesque Crystal Pendant

Design: Patrizia Garganti

Description

The Burlesque Crystal Pendant Chandelier elevates the collection's iconic aesthetic through a richer, more dynamic composition. Layers of delicate pearl strands envelop the structure in a soft, luminous veil, while crystal pendants descend gracefully, introducing rhythm and brilliance to the design. These sculptural elements catch the light from every angle, creating a sparkling interplay that enhances the chandelier's presence. Both dramatic and refined, this piece transforms the space with a sense of movement, depth, and timeless glamour. Made in Italy.
