

Giogali

Design: Angelo Mangiarotti

Description

The Giogali Suspension Lamp is a modular lighting system based on the repetition of a single hand-blown Murano glass hook. These individual crystal elements interlink without the need for additional connectors to form a dense, shimmering diffuser that provides brilliant, multidimensional ambient light. Available in two distinct shapes. The fixture features an adjustable suspension cable. This Italian-made masterpiece is UL/ETL listed and IP20 rated, providing a prestigious decorative solution for luxury residential and hospitality projects. Made in Italy.

Light source: E26 light bulbs, 2 for Size A, 4 for Size B, C and D, and 5 for Size E

Dimmer: Dimmed with a “phase cut” system (DIM 1)

Dimensions
