

# Giogali

*Design: Angelo Mangiarotti*

## *Description*

The Giogali Suspension Lamp is a modular lighting system based on the repetition of a single hand-blown Murano glass hook. These individual crystal elements interlink without the need for additional connectors to form a dense, shimmering diffuser that provides brilliant, multidimensional ambient light. Available in two distinct shapes. The fixture features an adjustable suspension cable. This Italian-made masterpiece is UL/ETL listed and IP20 rated, providing a prestigious decorative solution for luxury residential and hospitality projects. Made in Italy.

**Light source:** E26 light bulbs, 3 for Size A, 10 for Size B and C.

**Dimmer:** Dimmed with a “phase cut” system (DIM 1)

## *Dimensions*
