

Giogali

Design: Angelo Mangiarotti

Description

The Giogali PL CA is a monumental cascading ceiling lamp featuring a modular system of handcrafted Murano glass hooks. These individual crystal elements interlink without a frame to create a dense, shimmering glass curtain that provides brilliant, multidimensional light diffusion. The fixture is supported by a reinforced steel structure available in glossy chrome or matt bronze finishes. Available in three grand-scale heights. This Italian-made masterpiece is UL/ETL listed and IP20 rated, specifically engineered as a high-impact decorative solution for prestigious architectural foyers and grand staircases.

Light source: E26 light bulbs, 7 for Size A, 10 for Size B and C
