

Infinita

Design: Renato Toso, Noti Massari & Associati

Description

The Infinita Suspension Lamp is a high-volume lighting fixture characterized by its large-scale mouth-blown glass diffuser. The satin white glass is engineered to provide a 360-degree, uniform distribution of light, minimizing shadows and creating an atmospheric ambient glow across expansive surfaces. The system is mounted on a minimalist metal frame and is available in three distinct sizes ranging. This Italian-made pendant is cETLus listed and IP20 rated, making it a premium choice for residential dining areas and commercial hospitality environments.

Light source: LED F - 12W - 1700lm (Size A) | LED G - 19W - 2850lm (Size B) | LED O - 26W - 3700lm (Size C)
