

## Novecento

*Design: Romani Sacconi Architetti Associati*

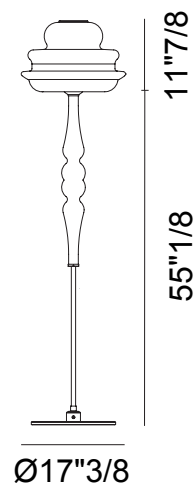

### *Description*

The Novecento Floor Lamp is a contemporary tribute to the 18th-century Murano tradition. The diffuser is crafted from hand-blown glass using the traditional Rigadin (striped) technique, which creates a rhythmic texture of radial lines to diffuse light with a sophisticated, sparkling effect. The fixture is supported by a glossy chrome-plated metal base and is engineered for five E12 light bulbs.

**Light source:** E12 - 5 x 60W - Not dimmerable.
