*Design: Romani Saccani Architetti Associati*

## *Description*

The Novecento Suspension Lamp is a contemporary tribute to Murano tradition, featuring a distinctive 360-degree silhouette that reinterprets the classic chandelier form. The diffuser is crafted from hand-blown glass using the traditional Rigadin (striped) technique, which creates a rhythmic texture of radial lines to diffuse light with a sophisticated, sparkling effect. The fixture is suspended from a glossy chrome-plated metal canopy. This Italian-made pendant is cETLus listed and IP20 rated, offering a perfect blend of artisanal glassmaking tradition and modern technical standards for luxury residential or hospitality projects. Made in Italy.
