

Asia

Design: Federico Peri

Description

Asia is an innovative lighting concept in which the light source itself becomes both the functional and decorative core of the table lamp, perfectly expressing a balance between advanced technology and creative design. The lampshade draws inspiration from the iconic pointed hats of Chinese rice pickers, reinterpreted in a contemporary and sophisticated way. The collection embodies a perfect synthesis of minimalism and expressive detail, offering a lighting solution that is both functional and decorative.

Made in Italy.

Dimensions

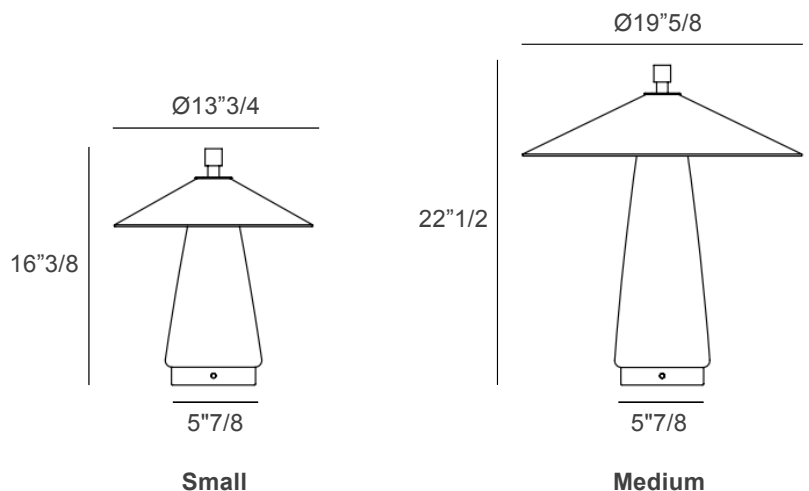

Small: Ø13³/₄ x 16³/₈H + 78³/₄ of Cable

Medium: Ø19⁵/₈ x 22¹/₂H + 78³/₄ of Cable

Light source - 2700 K - CRI >90 - Dimmer on board

Small Size: 1x13W - Strip LED - 1500 Lm

Medium Size: 1x20W - Strip LED - 2300 Lm

Finishes & Materials

Diffuser: Glass.

Shade: Cotton.

Frame: Metal.

Cable: Fabric.
