

## Bianca

*Designer: Dainelli Studio*

### *Description*

Bianca suspension lamp draws inspiration from the symmetrical geometry of snowflakes, translating this natural harmony into an elegant luminous composition. Its radiating arms create a balanced and refined silhouette, turning the fixture into a striking decorative centerpiece.

The tubular light sources in milky white glass provide soft, diffused illumination that enhances the atmosphere with warmth and clarity. Each element contributes to a harmonious distribution of light, emphasizing the lamp's architectural rhythm. An optional extended cable is available, providing flexibility for various ceiling heights.

Equipped with custom-made tubular LED bulbs and a low-voltage socket, Bianca integrates technical precision into its elegant structure. The balanced arrangement of luminous arms ensures uniform illumination while maintaining a light, airy appearance.

Made in Italy.

**Light source:** 6 x 5.6W + 6x9.4W Custom tubular LED bulb - E12 (included) - 24V - 6 x 500 Lm + 6 x 950 Lm (8.700 Lm) - 2.700 K - CRI >80 - Triac dimmer

### *Finishes & Materials*
