

Bianca

Designer: Dainelli Studio

Description

Bianca Twist suspension lamp reinterprets the symmetrical inspiration of the collection through a dynamic and sculptural composition. Its luminous arms create a refined sense of movement, transforming the fixture into an elegant centerpiece that enhances contemporary interiors.

Tubular light sources in milky white glass provide soft, diffused illumination, distributing light evenly while emphasizing the architectural rhythm of the design. This harmonious interplay between form and brightness creates a welcoming and refined atmosphere.

The suspension system includes 78"3/4 of steel cable for precise product balancing, with an optional extended cable available to accommodate different ceiling heights. Offered in two sizes, Bianca Twist adapts to a variety of spatial requirements while maintaining visual consistency. With its sculptural presence and technical refinement, it stands out among sophisticated high end light fixtures, delivering timeless elegance and distinctive character.

Made in Italy.
