

Calypso

Design: Servomuto

Description

The Calypso Outdoor floor lamp reimagines alfresco elegance by blending a sleek, weather-resistant stem with a functional, premium marble side table. This versatile integration allows the piece to serve as both a high-end light source and a refined surface for outdoor essentials. As a standout piece from a luxury brand, it bridges the gap between interior sophistication and open-air durability, ensuring your terrace or garden feels just as curated as your indoor spaces.

The aesthetic draws heavy inspiration from the Caribbean, featuring the Antigua, Guadeloupe, and Martinique models in a stunning array of waterproof fabrics and finishes. This luxury brand furniture reaches new heights with the addition of the Sahara colorway, which utilizes sophisticated, dusty tones and tribal-inspired geometric patterns. These warm, earthy hues are designed to harmonize with natural landscapes while providing a vibrant pop of artisan personality to any high-end patio or lounge area.

Beyond its striking looks, the Calypso Outdoor is engineered to withstand the elements while maintaining an intimate and welcoming glow. It serves as the perfect centerpiece for family room furniture layouts that extend into the outdoors, creating a seamless transition between the home and the horizon. With its blend of resilient materials and timeless Italian flair, this floor lamp transforms simple decks into luxurious, atmospheric retreats.
