

Discus

Design: MKV Design

Description

This product range features a minimalist aesthetic defined by a bold and dynamic graphic line. A sculptural metal disc encloses the light source, creating a clean and precise composition. At its center, a white opaline diffuser ensures a soft and evenly distributed glow, framed by a refined band that enhances depth and contrast.

The collection offers a standard cable length of 74³/₄, with an optional extension up to 196⁷/₈, allowing flexible installation across a variety of settings. Sold as a set of two lamps, the suspension version enables harmonious compositions and layered lighting effects

Made in Italy.

Dimensions

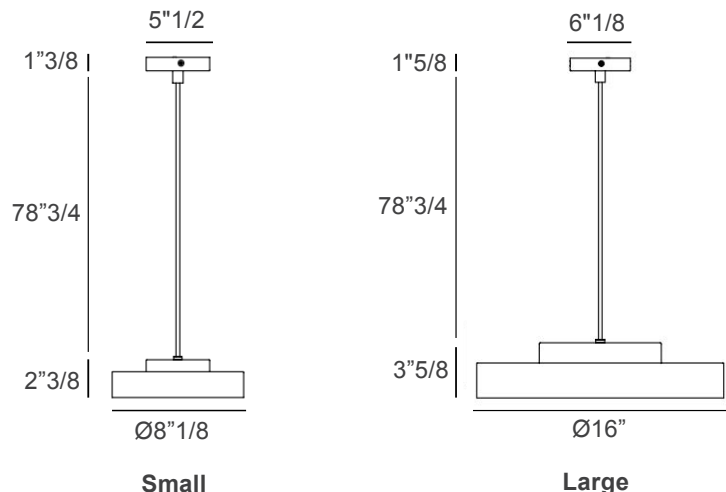

Small: Ø8¹/₈ x 2³/₈H + 78³/₄ of Cable

Large: Ø16" x 3⁵/₈H + 78³/₄ of Cable

Light source - 2700 K - CRI >90 - Triac dimmer

Small Size: 1x14.3W - 2450 Lm - LED module

Large Size: 1x32.4W - 5688 Lm - LED module
