

Fly

Design: Massimiliano Raggi

Description

With bold expressive force, the Fly wall lamp transforms its graphic design into a sculptural element that both illuminates and enhances the surrounding space. Its clean, architectural line creates a refined visual statement, making it suitable for a wide range of residential, commercial, and hospitality environments. Elegant and versatile, this fixture reflects the sophistication of premium designer lighting for contemporary interiors.

Pure, lightweight luminous lines discreetly traverse the wall, creating subtle architectural effects where light and form coexist in harmony. The minimalist composition enhances spatial depth without overwhelming the environment, offering both functionality and decorative appeal. This thoughtful balance positions Fly among curated luxury lighting fixtures, designed for projects that value precision and refined aesthetics.

The Fly wall lamp is available with either a remote driver or a driver on board, providing flexibility for different installation requirements. This adaptability ensures seamless integration into diverse architectural settings while maintaining a clean visual profile. With its sculptural clarity and technical versatility, it stands out among contemporary lighting fixtures, delivering elegance and distinctive character.

Made in Italy.
