

## Mikado

*Design: Massimiliano Raggi*

### *Description*

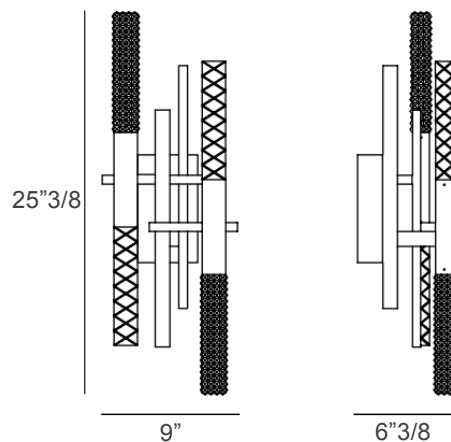

Mikado Wall is a refined “jewel” lamp distinguished by the elegant combination of rectangular brass tubes and slanted engraved crystal cubes. Featuring two different types of crystal workmanship, the design creates a sophisticated interplay of light, texture, and geometry, transforming the lamp into a decorative statement for contemporary interiors. The apparently random arrangement of elements—reflected in the name “Mikado”—follows a precise and carefully balanced composition that creates harmony through architectural rhythm. The LED sources are discreetly inserted within the brass tubes to enhance and showcase the brilliance of the engraved crystal, delivering both high performance and atmospheric illumination. Made in Italy.

### *Dimensions*

9”W x 25”<sup>3</sup>/<sub>8</sub>H x 6”<sup>3</sup>/<sub>8</sub>D

### **Light source:**

4x4W - LED module - 2240 Lm - 2700 K - CRI >90 - Triac Dimmer

### *Finishes & Materials*

**Structure:** Metal.

**Diffuser:** Engraved/prismatic transparent crystal.
