

## Stick

*Design: Studiopepe*

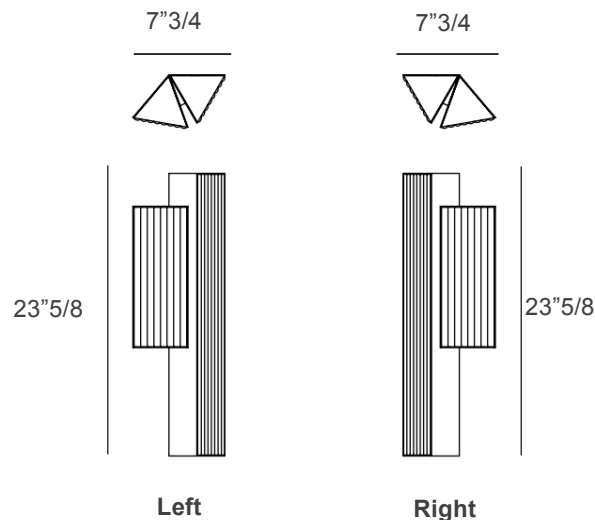

### *Description*

Defined by precious simplicity, the Stick Double wall lamp features a refined composition of triangular-section elements with pure, essential lines. Conceived as an art-gallery-inspired object, the double configuration enhances visual rhythm while maintaining a restrained and elegant presence. Ideal for placement on the sides of a mirror, the Stick Double wall lamp provides balanced illumination while adding sculptural character. The lamp uses LED technology custom-designed for its internal geometry, ensuring refined performance and visual consistency. Available in left or right orientation when facing the lamp. Made in Italy.
