

Stick

Design: Studiopepe

Description

Defined by precious simplicity, the Stick Trio suspension lamp features three triangular-section elements arranged in a refined horizontal composition. Conceived as an art-gallery-inspired object, the trio configuration amplifies the visual rhythm of repeated geometric modules, creating a balanced yet expressive lighting statement.

Equipped with LED technology custom-designed for the lamp's internal geometry, the Stick Trio ensures performance while maintaining its elegant proportions.

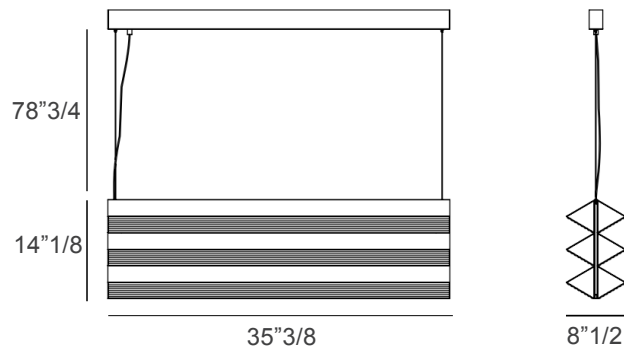

The suspension system is supported by two steel cables, ensuring stability and precise alignment, with the option to order additional cable length.

Made in Italy.

Light source: 6x40W - Custom LED - 22500 Lm - 2700 K - CRI >90 - Triac Dimmer

Dimensions

35"3/8W x 8"1/2D x 14"1/8H + 78"3/4 of Cable

Finishes & Materials

Diffuser: Ribbed plexiglass.

Structure: Metal.

Cables: Steel.
