

Stick

Design: Studiopepe

Description

Defined by precious simplicity, the Stick wall lamp is composed of triangular-section elements with pure, essential lines that create a refined architectural presence. Conceived as an art-gallery-inspired object, the repeated geometric module creates a balanced yet expressive composition. The lamp emits skillfully modulated light from within a streamlined metal structure, delivering both functional illumination and visual elegance. Equipped with LED technology custom-designed for the lamp's internal geometry, it ensures optimal performance while maintaining its minimal form.

Made in Italy.

Dimensions

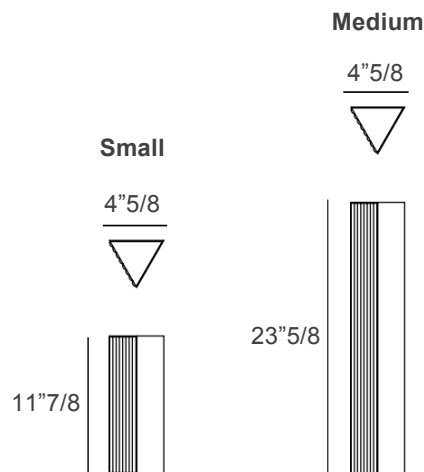

Small: 4"5/8W x 11"7/8H

Medium: 4"5/8W x 23"5/8H

Light source - 2700 K - CRI >90 - IP44 - Triac Dimmer

Small size: 1x13.5W - Custom LED - 1250 Lm

Medium size: 1x27W - Custom LED - 2500 Lm

Finishes & Materials

Diffuser: Ribbed plexiglass.

Structure: Metal.
