

## Plaza Bookcase

*Design: Andrea Lucatello*

### *Description*

The contemporary Plaza Bookcase is defined by its lacquered wood structure and the flexibility of its configuration, featuring three wooden or lacquered doors with the option to integrate additional elements. Designed to organize and enhance living spaces, the elegant Plaza Bookcase combines a rigorous design approach with functional versatility. Its strong character emerges through balanced proportions and attention to detail, while the quality of the materials ensures durability and elegance. A refined solution that brings both order and identity to modern interiors.
