

## Bit TV Stand

*Design: Nigo Design*

### *Description*

Combining elegance with practical functionality, the contemporary Bit TV Stand is designed to adapt to everyday use through its 360° swivel system, making it ideal for countertop TVs. Its structure and base are made of steel, paired with a tempered glass TV support. The unit is equipped with a spacious drawer in wood or lacquered wood, with a front available in wood, lacquered wood, or covered in leather, offering both storage and material versatility in a contemporary design.
