

Tecno TV Stand

Design: Nigo Design

Description

Defined by a clear techno-inspired aesthetic, the modern Tecno TV stand is designed for applied or countertop TVs, combining functionality with a distinctive design approach. Its structure is made of steel or painted metal and supports a panel with an integrated drawer in wood or lacquered wood. The drawer front is available in wood, lacquered wood, or covered in leather, offering material variety. Like all TV stands in the collection for applied or countertop TVs, it is equipped with a cable duct, ensuring a practical and organized solution within a contemporary design.
