Description

The 25-1053 elegant Sideboard combines refined craftsmanship with luxurious materials, featuring four antique mirrored doors and four drawers that enhance both functionality and decorative appeal. The design is further enriched with aquamarine birch stringing and delicate mother-of-pearl leaf inlays, adding intricate decorative detailing to the piece. The finely carved legs shown in the pictures are finished in LAN1 black lacquered tempera brush with aged gold accents, emphasizing the artisanal quality and elegant character of the design.
