*Design: Capital Creative Lab*

## *Description*

Sectional with organic shapes, composed of different modular elements built on a durable wooden frame and padded with non-deformable polyurethane foam in different densities, ensuring long-lasting comfort and structural integrity. Upholstery is available in a selection of plain fabrics or leathers from the collection, allowing for extensive customization possibilities.

The collection also includes an integrated side table module featuring a top available in wood, lacquered finishes, or marble, complemented by a smooth leather-covered base for an additional touch of refinement.

Decorative cushions and complements shown are not included in the price. Made in Italy.
