

# Mezz'aria

*Design: Daniele Lago*

## *Description*

The Mezz'aria suspended lounge chair with armrests redefines comfort through a bold, gravity-defying design, distinguished by its pronounced cantilevered seat. The absence of rear supports, combined with the dynamic inclination of the legs, creates a striking sense of lightness, while the integrated armrests enhance ergonomics and add a refined architectural presence. This balance between innovation and elegance positions the piece as a standout example of designer furniture for contemporary interiors.

Available in both upholstered and wooden seat versions, the Mezz'aria lounge chair offers two distinct yet complementary interpretations of comfort. The upholstered option, in quilted or smooth finishes, delivers a soft and enveloping seating experience, enhanced by a subtle cushioning effect created by the flexible frame. Both variations integrate seamlessly into sophisticated living room furniture sets, adapting to a wide range of interior styles.

Designed for versatility across residential and contract environments, the Mezz'aria lounge chair with armrests is available with legs in metal or oak and a variety of premium finishes. Its light aesthetic conceals a robust and reliable structure, ensuring durability over time. This fusion of advanced engineering and refined design makes it a key piece within a curated luxury furniture collection, elevating elegant family room furniture settings with contemporary Italian style and timeless sophistication. A premium footrest is offered as optional for enhanced comfort.

Made in Italy.

## *Finishes & Materials*
