

Not Only White

Design: Daniele Lago

Description

The Not Only White modular sofa is defined by the rhythm of its upholstered bands, composed of strips in different widths that completely envelop the structure and give the design its unmistakable identity. These soft and generously proportioned volumes create a refined visual harmony while opening the door to endless combinations of colors, fabrics, and textures. Designed to adapt seamlessly to contemporary lifestyles, the sofa offers exceptional compositional freedom through modular configurations that respond naturally to different spaces and interior styles.

Comfort plays a central role in the design, with soft flowing shapes, generous padding, and deep welcoming seats that create an enveloping and relaxing experience. The ergonomics of the structure provide optimal support while maintaining a light and contemporary aesthetic, balancing functionality with timeless Italian sophistication.

Expanding the possibilities of modular design, Not Only White also introduces the ability to create elegant curved compositions while preserving the visual continuity of the vertical upholstered bands that define the entire system. This innovation allows the sofa to interact dynamically with architecture and space, generating fluid and sophisticated layouts with remarkable visual coherence. Made in Italy.
