

Not Only White

Design: Daniele Lago

Description

The Not Only White mono-tone sectional expresses the essence of contemporary elegance through a refined and cohesive visual language, where the entire composition is upholstered in a single color and material finish. The rhythm of the signature vertical bands remains the defining element of the design, wrapping the structure with soft and generous volumes that create a sophisticated sense of continuity and balance. Designed to offer exceptional comfort, the Not Only White Mono Tone sofa features deep seating, generous padding, and soft flowing shapes that envelop the body in a relaxing experience. Its modular structure adapts naturally to modern living spaces while preserving the visual coherence of the design, ensuring a perfect balance between functionality and aesthetic refinement.

The possibility of creating both linear and curved configurations further enhances the versatility of the Mono Tone version, allowing dynamic compositions that interact beautifully with surrounding architecture. The uninterrupted visual flow of the single-tone upholstery amplifies the sculptural quality of the sofa, reinforcing its elegant and contemporary character. As part of an exclusive luxury furniture collection, the Not Only White Mono Tone sofa elevates sophisticated family room furniture spaces with timeless Italian craftsmanship and refined simplicity. Made in Italy.
