

Cambusa Wine/Jumbo

Design: Giuliano & Gabriele Cappelletti

Description

The Cambusa Wine is a luxury freestanding bar cabinet featuring a solid wood and blockboard frame. The storage architecture includes specialized internal grids for bottles, stemware holders, and door-integrated accessory racks. The "Jumbo" model is specifically reinforced and sized to house integrated small appliances.

The unit features automated LED lighting with motion sensors and doors with a 180° opening radius for total accessibility. Available in various wood species, the piece is finished with 100% natural products. Made in Italy.
