

3712 Chest of Drawers

By Bellotti Ezio

Description

The Traditional 3712 Chest of Drawers is a distinguished expression of traditional craftsmanship, combining decorative artistry with refined materials. Its elegant structure is enriched with carved elements that highlight the quality of the workmanship and contribute to its timeless character. The top is crafted in Rosa Portogallo Estremoz marble, valued for its delicate coloration and natural beauty. The structure is finished in LASG light blue lacquered French technique, creating a sophisticated contrast with the marble surface and emphasizing the chest's elegant proportions. Silver Gold leaf details accentuate the carved elements, adding depth and refinement to the overall design. Completing the piece are handmade painted decorations that showcase artisanal skill and enhance its decorative appeal. Made in Italy.
