

3715 Desk

By Bellotti Ezio

Description

The Traditional 3715 Desk is a refined expression of traditional craftsmanship, combining decorative artistry with carefully selected materials and finishes. Its elegant structure is enriched with carved elements that highlight the quality of the workmanship and contribute to its timeless appeal. The top is crafted in Rosa Portogallo Estremoz marble, valued for its delicate coloration and natural beauty. The structure is finished in LASG light blue lacquered French technique, creating a sophisticated contrast with the marble surface while emphasizing the graceful proportions of the piece. Silver Gold leaf details accentuate the carved elements, adding depth, refinement, and decorative richness throughout the design. Handmade painted decorations further enhance the desk's artisanal character, showcasing meticulous craftsmanship and attention to detail. Made in Italy.
