

Craig Supersoft

Design: Cattelan Italia

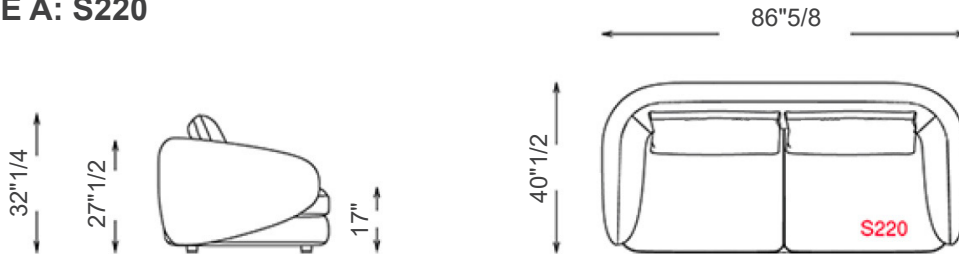

Description

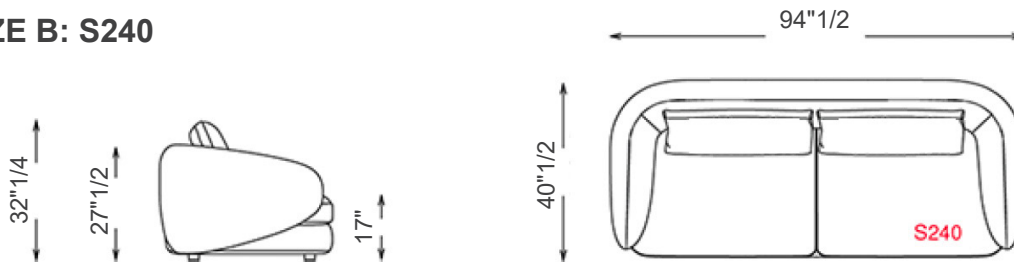

Craig Supersoft is a sofa with a solid structure in pine plywood and composite wood, designed to ensure strength and durability while maintaining a soft and comfortable seating experience. The seat is supported by an elastic webbing belt system and features differentiated-density polyurethane padding combined with polyester fiber, providing balanced support and softness. The backrest cushions (2 included) are filled with a blend of 40% natural feather and 60% siliconized polyester fiber, enclosed in a 100% cotton feather-proof lining for comfort and shape retention. Seat cushions combine 35-density polyurethane foam with siliconized polyester fiber, also wrapped in resin-bonded polyester fiber for enhanced softness and resilience. The sofa rests on discreet ABS thermoplastic feet. Upholstery is available in fabric or soft leather according to the sample card, with removable covers only in the fabric version. The overall comfort level is soft, rated 2/10. Made in Italy.
