

Gibson

Design: Cattelan Italia

Description

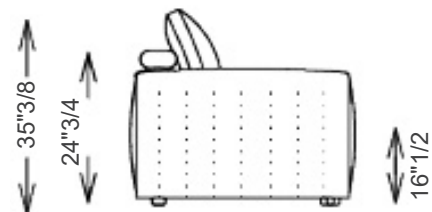

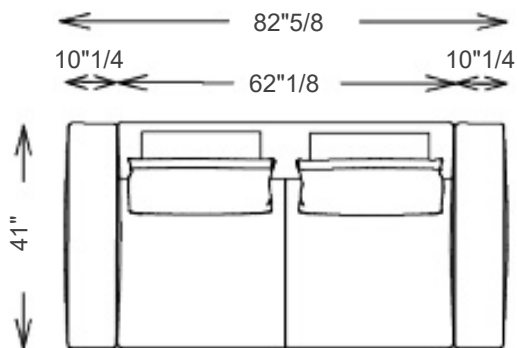

The Gibson Sofa is available as a luxurious 2-seater or 3-seater, combining premium Italian craftsmanship with exceptional comfort and long-lasting performance. Its internal frame is constructed from pine plywood and engineered wood, providing outstanding structural stability, while an elastic webbing suspension system ensures enhanced flexibility and everyday support.

The seat cushions feature multi-density polyurethane foam (30 + 35 kg/m³), wrapped in resin-bonded polyester fiber for a balanced combination of softness and resilience. Backrests and armrests are padded with 35 kg/m³ polyurethane foam, also enveloped in polyester fiber for a refined, comfortable feel. Loose back cushions are filled with a blend of 50% natural feathers and 50% siliconized polyester fiber, enclosed in a 100% cotton feather-proof lining to deliver plush comfort while maintaining their shape over time.

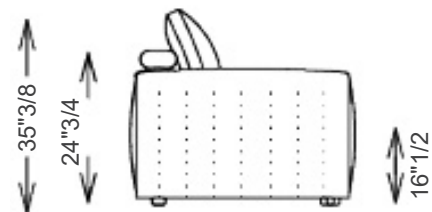

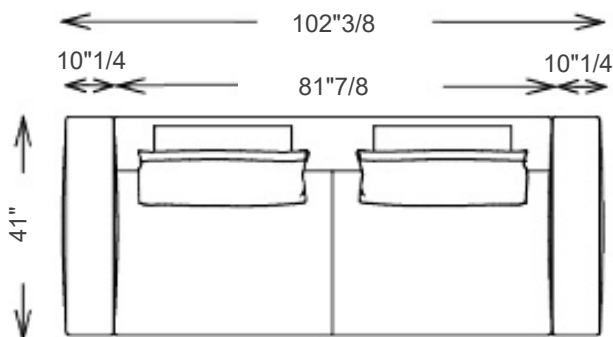

The sofa is upholstered in removable fabric covers, allowing for easy care and versatility. Discreet thermoplastic ABS feet preserve the clean, architectural profile while providing durable support. With a comfort rating of 2/10, the Gibson Sofa offers an exceptionally soft, relaxed seating experience. Made in Italy.
