

Onfa

Design: Goula Figuera

Description

With its compact proportions and sculptural silhouette, this wall lamp brings a distinctive sense of character to contemporary interiors. The cylindrical light source is paired with a refined wall-mounted structure, creating a harmonious composition that balances geometric simplicity with organic details. Its carefully considered form allows the lamp to function as both a source of focused illumination and an expressive decorative element, reflecting a thoughtful approach to contemporary furniture and lighting design.

Light Source: LED GU10 - 1x7.5W - 600 lm - CRI (>80) - 2700K - IP20
