

CLOCHE SUSPENSION LAMP

Design: STUDIO SOVET

Description

The Cloche suspension lamp stems from a simple, instinctive silhouette reinterpreted with contemporary lightness. Beginning slender and gradually opening downward, its soft volume gently accompanies the light. The borosilicate glass shade, finished in chrome aubergine, gunmetal, or bronze, diffuses illumination delicately without overpowering the space. Paired with an essential, lightweight painted metal structure, Cloche delivers sophisticated ambient lighting with exceptional visual elegance. Made in Italy.

Cloche

Lamp Spec.:

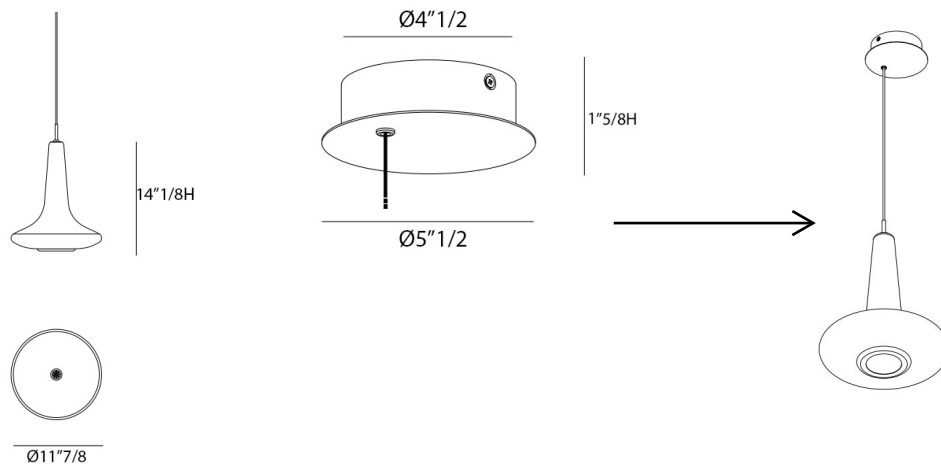

Light Source: Integrated LED – 3000 K – CRI 80 – 24 Vdc (Energy Class E)
