

Ducati Centenario

Description

The Ducati Centenario Foosball Table – Limited Edition is a collectible design piece that combines professional foosball performance with the engineering principles and visual identity of Ducati. Created to celebrate one hundred years of Ducati's history, this exclusive collaboration with Teckell reinterprets the traditional game table through advanced manufacturing processes, precision mechanical components and a contemporary architectural design. Conceived for both recreational use and prestigious interior settings, the table integrates professional playing characteristics with refined construction details, resulting in a functional object that reflects the innovation, craftsmanship and performance-driven philosophy shared by both Italian brands. Each table is individually identified by a sequentially numbered limited-edition plaque, reinforcing its exclusivity and collector value. Made in Italy.
