

Base Infinita

By Giorgio Soressi

Description

The Base Infinita Sideboard Base is the structural core of a modular furnishing concept, created to support an infinite range of personalized compositions. Conceived as a flexible platform, it allows different elements to be combined and rearranged, adapting effortlessly to evolving spaces and individual design preferences. Its minimalist geometry enhances the visual balance of every configuration while offering exceptional functional versatility. Available in an extensive selection of fine wood veneers, lacquered finishes, and luxurious hand-applied gold or silver leaf, the Base Infinita can be tailored to complement both refined residential interiors and sophisticated contract environments. More than a simple support, it is a contemporary design element that celebrates customization, craftsmanship, and timeless elegance. CUBES NOT INCLUDED. Made in Italy.
